

MANUFACTURER

FLANGES, PRESSURE VESSEL CONNECTIONS,
AND CUSTOM FORGED PARTS

www.trilad.com

TRILAD Flanges and Fittings, Inc. is a domestic manufacturer dedicated to the oil and gas industry and has been in business for 60 years.

TRILAD manufactures high pressure and large diameter flanges up to 72" as well as custom forged products up to 110" in Carbon, Low Temperature and High Yield. TRILAD has recently introduced Stainless and Chrome to its product offering.

TRILAD is recognized as an Approved Manufacturer by most major oil and gas companies in North America. All locations are ISO 9001 certified.

TRILAD has established strong relationships with the world's most respected mills and continuously travels the world to discover new sources for raw material. A comprehensive evaluation qualifies each of our vendors through on-site audits, inspection at the source, receiving inspections, and destructive material testing. This ongoing Vendor Approval Process, led by our in-house metallurgist and QA/QC team, ensures the products supplied by TRILAD are of the highest industry standard.

Nickel 200/201 - ASTM B730 A-200/201	INCONEL® Alloy 625 - ASTM B564 A-625
MONEL® Alloy 400 - ASTM B564 A-400	Alloy 800 HHT - ASTM B564 A-800 HHT
Duplex 2205 - ASTM A182 2205	INCOLOY® Alloy 825 - ASTM B564 A-825

WHY TRILAD?

HARMONIZED QUALITY SYSTEM

- All locations under same quality assurance procedures

TECHNICAL EXCELLENCE

- Full-time Metallurgist
- Technical Sales Team
- 60 Years in the Business

CUSTOMER SERVICE

- Extensive inventory combined with large manufacturing capacity
- Ability to meet tight delivery times
